Allowable Subject Matter

1. Claims 1-32 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The Applicant's claimed invention is deemed allowable over the prior art as the prior art fails to teach or fairly suggest a method for the production and optimization of a substance library which includes automated preparation of the library by producing at least two substances on the basis of at least one production parameter, automated testing of the at least two substances with respect to at least one performance characteristic on the basis of at least one test parameter, and iterative automated optimization of the performance characteristic wherein the method performs actual physical testing, resulting in actual physical test data, in which the iterative automated optimization is performed based on the actual physical test data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
